

Elders in Federally Funded U.S. Facilities*

On average, the life expectancy for chimpanzees in captivity is 30yrs/males and 45yrs/females. Chimpanzees are considered elderly beginning at 25 yrs/males and 30yrs/females. **

- Wanda, age 46 – New Iberia Research Center, LA
- Bill, age 46 – New Iberia Research Center, LA
- Eric, age 46 – New Iberia Research Center, LA
- Perry, age 46 – M.D. Anderson Cancer Center, TX
- Polly, age 46 – M.D. Anderson Cancer Center, TX
- Rhoda, age 46 – M.D. Anderson Cancer Center, TX
- Hope, age 45 – New Iberia Research Center, LA
- Kathy, age 45 – New Iberia Research Center, LA
- Penny, age 45 – New Iberia Research Center, LA
- Rose, age 45 – New Iberia Research Center, LA
- Tommy, age 45 – New Iberia Research Center, LA
- Borie, age 45 – Yerkes National Primate Research Center, GA
- Mai, age 45 – Yerkes National Primate Research Center, GA
- Ursula, age 45 M.D. Anderson Cancer Center, TX
- Brenda, age 44 – New Iberia Research Center, LA
- Willis, age 44 – New Iberia Research Center, LA
- Mae, age 44 – M.D. Anderson Cancer Center, TX
- Mary, age 44 – M.D. Anderson Cancer Center, TX
- Kate, age 44 – Alamogordo Primate Facility, NM
- Cedric, age 44 – Alamogordo Primate Facility, NM
- Phyllis, age 43 – New Iberia Research Center, LA
- Mikie, age 43 – New Iberia Research Center, LA
- Peggy, age 43 – New Iberia Research Center, LA
- Terry, age 43 – New Iberia Research Center, LA
- Jasper, age 43 – New Iberia Research Center, LA
- Jiggs, age 43 – New Iberia Research Center, LA
- Bashful, age 43 – M.D. Anderson Cancer Center, TX
- Helga, age 43 – M.D. Anderson Cancer Center, TX
- Junie, age 43 – M.D. Anderson Cancer Center, TX
- Martha, age 43 – M.D. Anderson Cancer Center, TX
- Cora, age 43 – Alamogordo Primate Facility, NM
- Owen, age 43 – Alamogordo Primate Facility, NM
- Simba, age 42 – New Iberia Research Center, LA
- Margaret, age 42 – New Iberia Research Center, LA
- Spock, age 42 – New Iberia Research Center, LA
- Sammy, age 42 – Primate Foundation of Arizona, AZ
- Tai, age 42 – Yerkes National Primate Research Center, GA
- Duncan, age 42 – Yerkes National Primate Research Center, GA
- Foxy, age 42 – Yerkes National Primate Research Center, GA

- Bernie, age 42 – M.D. Anderson Cancer Center, TX
- Pepper, age 42 – M.D. Anderson Cancer Center, TX
- Julie, age 42 – Alamogordo Primate Facility, NM
- Jerry, age 41 – New Iberia Research Center, LA
- Linda, age 41 – New Iberia Research Center, LA (may have been released)
- Queenie, age 41 – New Iberia Research Center, LA
- Andy, age 41 – New Iberia Research Center, LA
- Jessica, age 41 – New Iberia Research Center, LA
- Paco, age 41 – New Iberia Research Center, LA
- Debbie, age 41 – New Iberia Research Center, LA
- Bacchus, age 41 – New Iberia Research Center, LA
- Dave, age 41 – New Iberia Research Center, LA
- Jay, age 41 – New Iberia Research Center, LA
- Canditoo, age 41 – Southwest National Primate Research Center, TX
- Sabrina, age 41 – Primate Foundation of Arizona, AZ
- Peony, age 41 – Yerkes National Primate Research Center, GA
- Gertrude, age 41 – M.D. Anderson Cancer Center, TX
- Judy, age 41 – M.D. Anderson Cancer Center, TX
- Kelley, age 41 – M.D. Anderson Cancer Center, TX
- Prissy, age 41 – M.D. Anderson Cancer Center, TX
- Simon, age 41 – M.D. Anderson Cancer Center, TX
- Tang, age 41 – M.D. Anderson Cancer Center, TX
- Warren, age 41 – Alamogordo Primate Facility, NM
- Tommy, age 41 – Alamogordo Primate Facility, NM
- Debbie, age 40 – New Iberia Research Center, LA (may have been released)
- Tim, age 40 – New Iberia Research Center, LA
- Lisa, age 40 – Southwest National Primate Research Center, TX
- Tanya, age 40 – Primate Foundation of Arizona, AZ
- Bo, age 40 – Yerkes National Primate Research Center, GA
- Jeanie, age 40 – Yerkes National Primate Research Center, GA
- Lil' One, age 40 – Yerkes National Primate Research Center, GA
- Rogger, age 40 – Yerkes National Primate Research Center, GA
- Heppie, age 40 – Yerkes National Primate Research Center, GA
- Gimp, age 40 – M.D. Anderson Cancer Center, TX
- Patti, age 40 – M.D. Anderson Cancer Center, TX
- Chrissy, age 40 – M.D. Anderson Cancer Center, TX
- Manny, age 40 – Alamogordo Primate Facility, NM
- Claudia, age 39 – New Iberia Research Center, LA
- Sharon, age 39 – New Iberia Research Center, LA
- Marilyn, age 39 – New Iberia Research Center, LA
- Dude, age 39 – New Iberia Research Center, LA
- Stella, age 39 – New Iberia Research Center, LA
- Ben, age 39 – New Iberia Research Center, LA
- Leslie, age 39 – Yerkes National Primate Research Center, GA
- Ann, age 39 – M.D. Anderson Cancer Center, TX
- Moose, age 39 – M.D. Anderson Cancer Center, TX

- Roger, age 39 – M.D. Anderson Cancer Center, TX
- J.D., age 39 – Alamogordo Primate Facility, NM
- Nick-El, age 39 – Alamogordo Primate Facility, NM
- Tarzan, age 39 – Alamogordo Primate Facility, NM
- Rudolph, age 39 – Alamogordo Primate Facility, NM
- Kamaka, age 39 – Alamogordo Primate Facility, NM
- Ms Liz, age 39 – Alamogordo Primate Facility, NM
- Tody, age 38 – Primate Foundation of Arizona, AZ
- Tuppence, age 38 – Primate Foundation of Arizona, AZ
- Boisfeuillet, age 38 – Yerkes National Primate Research Center, GA
- Gremlin, age 38 – M.D. Anderson Cancer Center, TX
- Jane, age 38 – M.D. Anderson Cancer Center, TX
- Pacer, age 38 – M.D. Anderson Cancer Center, TX
- Quincy, age 38 – M.D. Anderson Cancer Center, TX
- Simba, age 38 – M.D. Anderson Cancer Center, TX
- Zippy, age 38 – M.D. Anderson Cancer Center, TX
- Funface, age 38 – Alamogordo Primate Facility, NM
- Phoebe, age 38 – Alamogordo Primate Facility, NM
- Crystal, age 38 – Alamogordo Primate Facility, NM
- Kobi, age 37 – Primate Foundation of Arizona, AZ
- Barbara, age 37 – Yerkes National Primate Research Center, GA
- Cordova, age 37 – M.D. Anderson Cancer Center, TX
- Henryet, age 37 – M.D. Anderson Cancer Center, TX
- Joey, age 37 – M.D. Anderson Cancer Center, TX
- Maynard, age 37 – M.D. Anderson Cancer Center, TX
- Sandy, age 37 – M.D. Anderson Cancer Center, TX
